

## *our mission*

The mission of the Senators is to provide performance related opportunities to its membership and to its customers. It has been proven that organisations that can react and meet the needs of customers have a competitive edge over their rivals. We believe that the key to this ability is reliable, flexible and cost effective communication with our customers.

### **Customised Performance**

We are also able to deliver performances that are tailored to meet the needs of our customers, a perfect example of this was with our recent four date tour with the Pop Star "Gwen Stefani" - we had to provide six members to perform as a back drop to her single release "Hollaback Girl" - we supplied two Snare Drummers, one Bass Drummer, one Cymbalist, one Trombonist and a Contra Bass player.

### **Evolution**

It is also paramount that we supply and support a product that is capable of evolving so that we can take advantage of new performance opportunities that gives the customer a competitive edge over their rivals, both now and on into the future.
